# Building Literacy and Confidence: Collaboration, Goal-Setting, and Reflection

Welcome to Building Literacy Confidence!

This course is designed to help learners strengthen literacy skills through collaboration, goal-setting, and reflection. You will explore strategies, engage with interactive activities, participate in discussions, and reflect on your own learning to build confidence and skill.

Start by reviewing Module 1, which introduces key strategies and guides you through the learning activities for this course.

# Module 1 Discussion: Building Literacy Confidence Through Practice

**Prompt:**

Think about the strategies you explored in this module (collaboration, goal-setting, reflection).

1. Which strategy do you think will have the most significant impact on learner confidence, and why?
2. How could you adapt this strategy for learners with different needs or abilities?

**Expectations:**

- Post your initial response (150–200 words) by Thursday 1:59 am CST
- Respond to two peer posts (50–100 words) by Saturday 1:59 am CST

**Purpose:** This discussion encourages reflective practice, application of theory, and community building.

# Module 1 Assignment Reflection: My Literacy Confidence Plan

Start Assignment

**Due** No Due Date    **Points** 100    **Submitting** a text entry box, a website url, a media recording, or a file upload

**Overview:**

In this authentic assessment, you will reflect on the strategies presented in this module and create a **personal literacy confidence plan**. This assignment connects theory with practical application.

**Instructions:**

1. Choose **one strategy**: collaboration, goal-setting, or reflection.
2. Write a short reflection (200–300 words) answering the following:
  - Why did you choose this strategy?
  - How would you implement it in a learning environment?
  - What challenges might learners face, and how could you address them?
3. Submit your reflection in the text box or upload a Word/PDF file.

**Grading Criteria:**

- Clear explanation of chosen strategy
- Application to a realistic learning context
- Consideration of learner needs and engagement
- Reflection demonstrates critical thinking and insight
